

# Coronex Health Safety Security Environment Policy

At Coronex, the long-term business prosperity hinges on our unwavering commitment to consistently increase Customer Value while concurrently ensuring the safety and well-being of our people, protecting our assets, safeguarding the environment, and nurturing our reputation.

We believe in and uphold our vision of ZERO LOSS – NO HARM. This is not merely a slogan but a guiding principle and primary objective. It permeates all operations and defines our health, safety, security, and environmental responsibility approach.

- **Health:** We strive to provide a healthy working environment for all our employees and stakeholders. This includes regular health checks, well-being initiatives, and ensuring our practices align with local and international health regulations.
- **Safety:** Safety is paramount in all our operations. We ensure that our facilities and processes adhere to the highest safety standards and promote a safety-conscious culture among our employees and partners.
- **Security:** We invest in state-of-the-art security technologies and practices to safeguard our assets and protect the interests of our stakeholders. This includes data security, our facilities' physical security, and our supply chains' security.
- **Environment:** We are committed to conducting our operations sustainably and environmentally friendly. We are dedicated to reducing our carbon footprint, managing waste responsibly, and incorporating green technologies in our processes wherever feasible.

In every decision we make and in every action, we undertake, we prioritise the well-being of our people, the integrity of our operations, and the health of our environment. In doing so, we ensure that Coronex thrives as a business and contributes positively to the world around us. This is our promise - ZERO LOSS – NO HARM.
